

# MAGLEV'2002 PROCEEDINGS

## **MAGLEV'2002 Proceedings on CD-ROM**

MAGLEV 2002 Proceedings will be published in electronic format on CD-ROM. Consequently the paper presentation must follow the defined formats.

## **Paper Selection on CD-ROM**

Papers will be searchable by title, author name, company, session, keywords. An overview of the MAGLEV 2002 Conference will also be available.

This multimedia application will allow users to display and print papers on PC, under MS-Windows or Macintosh.

## **Paper Submission**

Your efforts to follow the instructions are essential to ensure the integration of your papers on the CD-ROM. Otherwise, we cannot guarantee the perfect integration of your paper.

You will find instructions for file template and graphics format when downloading them from the web site: [www.maglev2002.ch](http://www.maglev2002.ch)

For your information, the following operations will be done from the original file format:

- Extraction of the abstract, title and name of the authors;
- Conversion of the full document to PDF format.

All operations need that the original file is compliant with the general guidelines.

A special care to follow the instructions should be taken for countries that use special fonts: Asian countries (double byte fonts), East European fonts, Greek fonts.

The help desk by e-mail will help and support you
