

FIRST ANNOUNCEMENT AND CALL FOR PAPERS

For the 34th Annual

Power Electronics Specialists Conference

June 15-19, 2003

Hotel Hyatt Regency Acapulco
Acapulco, Mexico

Website: <http://www.pesc03.org/>

CENIDET (National Center for Research and Technological Development) and the IEEE Morelos Section are proud to host PESC'03 in the worldwide known port of Acapulco, Mexico. PESC'03 is organized and sponsored by the IEEE Power Electronics Society.

Topics of Interest

DC-DC Converters	Rectifiers and AC-AC Converters
Inverters and Inverter Control Techniques	Motor Drives
Power Semiconductor Devices	Power Quality and Utility Interface Issues
CAD Modeling	Passive Components
Integration, Packaging and Modules	Energy Storage
DSP Applications	Aerospace Power Applications
Integrated Diagnostics/Intelligent Systems	Alternative Energy Resources/Distributed Generation

Deadlines

Submission of Abstracts & Digests	October 24, 2002 NEW
Authors Notification of Acceptance	February 7, 2003
Submission of Final Manuscript	April 11, 2003

To be considered for the conference program, authors should submit:

- 300 word abstract, including Title, Author name(s), Affiliation(s), Contact Author, Mailing address, Telephone and Fax numbers and email address. A one page limit will be strictly enforced for the abstract.
- 5 page digest, 1½ spaced on standard Letter/A4 paper size, outlining the work to be presented, the objectives of the paper and the goals achieved. Key equations, figures and tables should be included, all within the page limit (reference list should be sent in a separated page) Digests exceeding the 5 page limit (plus an additional page for the references) will be evaluated using only the first 6 pages — all additional pages will be discarded.

Paper submissions will be accepted electronically through the web site. Instructions to submit abstracts and digests will be posted on the web site by 1 August 2002.
